

NNE MMRS New Hampshire Medical Strike Team Informational Meeting

The NNE MMRS will be holding an informational meeting on March 21 and 22 for individuals willing to volunteer with the New Hampshire Medical Strike Team. This Team, in conjunction with Teams from Maine and Vermont, will respond to mass casualty incidents within the three state region.

The multi-disciplinary Team will provide medical care for disaster victims as well as “force protection” for healthcare and critical infrastructure workers following an incident. The time commitment expectation is that volunteers will attend at least 2 Team meetings per year, 1 regional exercise every 2 years, as well as deployment during a mass casualty incident if available. Uniforms, equipment, and training will be provided to members of the Strike Team.

In addition to direct healthcare providers, including pharmacists, the NNE MMRS has a need for individuals with experience in communications as well as logistics and resource management.

Additional informational meetings will be held in the North Country and southwestern areas of New Hampshire.
